# docebo® ⑤ Shape

# Create engaging learning content in minutes with AI

## Let Shape do the heavy lifting for you

Creating content is time consuming. But it doesn't have to be. Shape's AI-based, so it does the hard work. Which means you can spend more time building up your learners and less time building out content.

🕐 Reduce the time it takes to create content

Ⓣ Translate content into multiple languages

📁 Import content from multiple source formats

👥 Create hyper-personalized content for different use cases

⏭ Plug content into your LMS for seamless delivery

👍 Quick and easy to master, so anyone can use it

**Create your first shape in minutes**

Docebo is redefining the way enterprises leverage technology to create and manage content, deliver training, and understand the business impact of their learning experiences. With Docebo's multi-product learning suite, enterprises around the world are equipped to tackle any learning challenge and create a true learning culture within their organization.
