

Docebo partners with Ajyal-HR at the Training & Development conference 2013 in Dubai

Claudio Erba, CEO and Founder of Docebo, will be giving an engaging talk about how to humanize business processes by leveraging Cloud technologies for HR training.

Date, place - **Docebo** (www.docebo.com) will be joining its trusted partner **Ajyal-HR Solution & Services** (<http://www.ajyal-hr.com>) at "The Training and Development Show", that will be held at the Dubai International Convention and Exhibition Centre, UAE on the 10 and 11 December 2013. Meet the companies at the co-managed booth n° 295.

The event, focused around training, learning, development and new technology topics, is the perfect place for Docebo to present its brand-new Learning Management System - Tablet ready E-Learning platform with an unprecedented easy-to-use interface.

In order to push forward the concept of a human-sized software, Claudio Erba, CEO and Founder of Docebo, will be joining the conference by giving a speech entitled: "*Humanizing business processes by leveraging Cloud technologies for HR training: strategies to win in the next decade*".

This speech analyzes the increasing demand for training solutions, the growth of the related SaaS-solutions market, as well as the 2014 trends in the Human Resources development. A vertical case study will be presented to share details and insights about a actual best performances in the Training & Development field.

Docebo's presence at Training & Development conference endorses the continuous commitment of the Company towards customers and Partners in the Middle East.

Meet Docebo and Ajyal at Booth 295.
