

## **Docebo releases its new LMS: a Social Network style single-page web app with stunning user interface**

*The new Docebo Learning Management System, tablet friendly and with a new stunning user interface, puts Design, Efficiency and Simplicity on top of everything.*

16 Oct 2013 - **Docebo** ([www.docebo.com](http://www.docebo.com)) today announced the release of its **new Learning Management System** that comes with a **disruptive interface**, designed to bring the Facebook single-page approach and its simplicity into a LMS.

Learning is now as simple as navigating a personal Facebook page, as everything a user needs is "on the wall"!

At the heart of the new Docebo there is the **intelligence** and the **minimalism** conceived for users to enable them to access their online training courses from a single-page web app, designed to be **100% compliant with tablets and mobile devices**.

Claudio Erba, **Ceo & Founder of Docebo** says: *"We've packed an amazing amount of features, courses and apps into a single-page web app, jewel-like learning environment with a spectacular player and a superb and logic workflow organization. We are continuing our season of innovation and disruption and I can certainly affirm that Docebo is revolutionizing the E-Learning Industry"*.

The new interface actually makes the platform appear greater also from mobile devices, because everything is designed to be **100% responsive**, taking advantage of the entire screen.

This incredible new version will help any Organizations from across the globe to bring the delivery of training contents to the next level, and **make the distance learning easier and more engaging** for the workforce. Thanks to the white-labeling opportunities, customers are now able to easily rebrand Docebo and sell it to their prospects for unprecedented business purposes.

Continuing Docebo's commitment towards its Customers, Prospects and Partners, the new Docebo Learning Management System will exceed users' expectations as this milestone LMS update simplifies the very concept of learning process.
